

Gauri — Leadership & Governance Addendum

Unique/current leadership records and governance metadata not to be buried inside HR. The existing ZIP contains a generic/illustrative leadership section; this addendum prioritises the current leadership list supplied by the user.

Corpus rule: This file is an **addendum** to the user's existing 12-file ZIP. It is designed to add information not already represented there, or to add authoritative/current versions of facts that supersede illustrative records. Public facts, user-supplied policy facts, and illustrative fallback material are explicitly labelled.

F. Do not infer

Do not infer CEO/CTO/COO titles from the illustrative leadership profiles in the supplied merged PDF. That PDF explicitly labels those profiles illustrative, not sourced from a published leadership page. ■filecite■turn1file3■L49-L54■
